Pursuant to tasking in Reference A, the Office of Security, in the person of the Chief, Security Education Group, participated in two meetings with representatives of the Office of Training and Education concerning Recommendations 15 and 18 of subject Report. The issue of the cover content of existing training courses (Recommendation 15) and of revision of the Career Trainee Program to include more emphasis on cover training (Recommendation 18) do not directly concern Office of Security equities. However, as indicated in Reference B, questions pertaining to cover do arise in the course of lectures presented by Office of Security representatives. We believe that our advice and guidance on these issues is in full concert with the philosophy of the Central Cover Staff and the Office of Training and Education, and we endorse the referenced responses from the Office of Training and Education.
